School districts seeking to employ educators to teach out of field (not in the field in which the educator is currently licensed) will use the Additional Licensure Plan (ALP) to meet that need. School districts may use the ALP process to address unusual emergency situations when licensed educators are asked to teach in areas/levels for which they are not licensed. School districts may not exceed the three-year limit without possible penalty.

THIS AREA CANNOT BE ADDED BY TESTING ONLY.

Eligibility Guidelines. Educators must meet the following conditions:

- possess a standard Arkansas educator license,
- seek to add this area of licensure or endorsement, and
- be assigned to teach in this area rather than the one for which they are currently licensed.

Educators assigned to teach in this field, must complete an approved performance-based program of study, as defined by an Arkansas university and pass the required assessment(s) for the new licensure area. The additional area of licensure will be added to the credential when all licensure requirements are successfully completed and application is submitted with the signature of the university's Licensure Officer verifying completion of the program of study. Test score(s) and official transcript must be attached.

Required assessments:
